

Energy Jobs Fund—Representative Brett Hulsey

- **Upgrade energy efficiency in state buildings:** A revolving door fund for state and local buildings to upgrade to energy efficient technology.
- **Save state and local government money:** Average of 18% ROI in Dane County.
- **No new tax dollars necessary:** Funds already exist in the Wisconsin Board of Commissioners of Public Lands

We have the money, the workers, and the track-record of success at the local level—why wait?

Dane County Energy Efficiency Savings (avg. 18% ROI)

(UW Extension Report: Municipal Energy Planning, An Energy Efficiency Workbook)¹

Example: Savings by Increasing Efficiency at Dane County Buildings

Building	Cost of Improvements	Dollars Saved per Year	Return on Investment	Megawatt-hours Saved
Detoxification Center	\$16,350	\$2,633	16%	31.1
Badger School	\$42,550	\$9,547	24%	37.4
Job Center	\$5,500	\$2,667	50%	59
Human Services	\$47,350	\$9,501	20%	135.1
Badger Prairie	\$324,740	\$59,672	18.5%	255.8
City-County	\$413,000	\$61,480	14.8%	1,216
Public Safety	\$70,500	\$17,000	24%	227.6
Zoo	\$9,120	\$4,618	50%	58.7
Coliseum	\$246,755	\$46,040	18.5%	478.1
TOTAL	\$1,175,865	\$213,158	18%	2,498.8
